

# STAYING POWER

**Feel like a two-pump chump? Looking for more length? Then perhaps Tantric sex can give you the surge you're after. IVAN SMITH settles in for the long haul**

I BLAME Sting.

I find myself in a dark room with candles lit, whale music playing and a woman I don't know touching my naughty bits. And I blame Sting for the whole thing – not for his bland pop, but because he does Tantric sex. He can have sex with his wife Trudie Styler for about a million hours straight, and Trudie Styler has never been seen in public without a really big smile. I've got to find out why. And how.
