SMALLISH, STYLISH
STEREOS YOU'LL WANT TO
KEEP TO YOURSELF

THE format wars are raging. You can't open your front door without someone shouting hysterically about "portable MP3" and "mobile-compressed digital audio", before collapsing in a frothing heap. But your oh-so-old-fashioned CDs and MiniDiscs are still portable and sound as good as they ever did – and the threat from rival formats has pushed down the price of top-line players.
