### 5> YOUR LITTLE EYE

IT MUST piss off the CIA, seeing top spy gear on sale to the general public. The 18x34x20mm Microcam has a range of 100m, so you can piss off the CIA from a safe distance. **\$599**, from Dick Smith outlets, and the CIA. Possibly.

### 6> MIX AND MATCH

NOKIA'S MP3 Music Player has a 32MB removable memory card and pauses the music automatically when you get a mobile call – if you have a 3310, 3330, 3350, 5210, 8210, 8250, 8310, 8350 or 8850 handset. **\$480**, call Nokia on 1300 366 733, NZ 0800 665 421

### 7> SOME KIND OF RECORD

YOU need to take a deep breath before listing the recordable DVD formats, but at least you won't have to mention "VHS" for much longer. The Philips DVDR1000 records in DVD+RW format – and is also compatible with (deep breath) CD, CD-R, CD-RW, S-VCD and VCD discs. Better yet, Philips has cut the price. **\$2999**, call Philips on 1800 651 993, NZ (09) 815 4000

### 8> DON'T HOLD A TORCH

FACE it: in the list of your all-time favourite things, there are few more satisfying than strapping something to your head. The Photon Fusion flashlight (or "torch" for those reading in English) offers umpteen levels of brightness, strobing and everlasting life, and there aren't too many other products you can fix to your head without people coming to drag you away. **\$159**, call Zen Imports on 1800 064 200.
