

**"I'VE DONE IT
ON AN OVAL
— ACTUALLY
IT WAS IN
THE BUSHES
BY THE SIDE"**

No.
Adam Sandler?
No.
Heath Ledger?
No.
George Clooney.
No. He's, like, five times my age.
Don't you like older guys?
Older guys, but not that much older.
How old will you go?
Um, 25.
Do you fancy guys in lab coats?
Not particularly.
What are the other people in your class like?
Very, er, studious. Well, most of the class *is* women, so...
Are they all as good-looking as you?
I don't sit there and rate them.
Alright, are any of them good looking, apart from you?
Yeah.
There are other knock-out scientists?
Yeah.
I'm definitely hanging out in the wrong places. Is class a hotbed of passion?
No, it's just a standard class.
What turns you off a guy?
Someone who loves himself more than he loves me. I don't like guys who talk about themselves the whole time. I'd rather talk about something else.
What turns you off physically?
Guys who are really hairy.
You like a smoothie with no beard.
Oh, no, facial hair is OK — a small manicured beard.
You've given hope to bearded men everywhere. They're probably dancing around the room with their enormous beards.
I just don't like a hairy back, or chest, or anything. Hairy legs are acceptable, but otherwise he'd have to wax.
You'd make a man wax? You are evil.
What about his hairy back?
Yup.
In bed, do you prefer to be the teacher or the student?
I prefer someone experienced.
What's the strangest place you've had sex?
I've done it on an oval — actually it was in the bushes by the side.
Did you enjoy it?
It was pretty average.
What was the worst thing about it?
There were all these twigs and leaves on the ground. It was pretty annoying. And there were cars driving past.
Is sex outdoors overrated?
An oval is pretty boring. I'd prefer somewhere like a pool.
What's guaranteed to turn you on?
Give me a massage. Or kiss my neck.
Anything else? Just in case a bearded man in Canberra is reading.
I like a guy who dresses nicely.
No trackies.
So, he's got to be well-dressed, have a big beard and not be self-obsessed?
No, no beard.
